

1 Distance between conditions

Client side, Jensen–Shannon distance

Counselor side

both distances exceed real counseling's noise band; the conditions separate on the client side

2 Client categories over time

Share of client spans, by decile of conversation progress

HH real HH roleplay H-LLM roleplay

Discloses too early

Problem statement + definition

Drifts into solutions

recommendations, resources

Rarely asks back

General request

Rarely disagrees

Rejection

conversation progress (%)

3 Course-level convergence

One course line, three semesters

Measured distance

JSD to HH real

Perceived as less human

realism, 1–5
